---

Good morning,

Thank you for contacting HP sustainability & compliance center.

Safety Data Sheets (SDS) contains safety information about materials such as physical, chemical and toxicological properties, regulatory information, and recommendations to ensure safe handling.

To obtain the respective Safety Data Sheets, please visit the HP SDS site at: <http://www.hp.com/go/msds>.

***Please note HP fuser and transfer kits, imaging drums as well as maintenance kits do not contain chemical substances so no SDS is issued for these products.***

Kindly let us know if we can be of further assistance.

Best regards,

***Hashis McCarley***
